

Dear guests,
we have taken specific measures to ensure your safe stay with us!
Your safety and relaxed stay are our priorities.
Here you can find out what we've prepared for you.

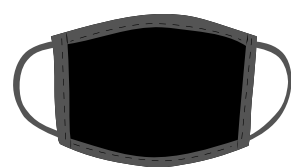

Enriched hygiene measures

We increased **cleaning and disinfection frequency** of all hotel areas, paying special attention to high-touch items

With the intention to allow for each guest to follow **highest hygiene standards**, we provide you with the alcohol based hand sanitizers, liquid soap and hot water in all our facilities

Large amounts of **personal protection kits** (gloves and masks) are available at your request (at extra charge)

In order to provide you with a safe and enjoyable holiday, we strictly follow all **instructions of local, state-level health authorities**, as well as **global institutions** - WHO and ECDC

Healthy staff for a safe holiday

All staff members have been **educated** on how to implement prevention measures for COVID-19 and how to conduct safety measures that enable guests to have a safe holiday

We check the **health of all our employees on a daily basis** (by taking body temperature and checking for possible symptoms of illness)

Hotel management, administration, and all other employees are always in possession of **face masks, gloves, and disinfectants**

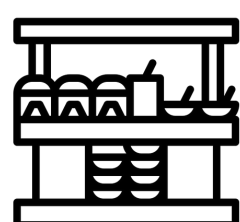

Stay safe in all areas

The use of **swimming pools and beaches is allowed**, as we have undertaken special measures to enable its safe use according to the recommendations of the Croatian Institute of Public Health

Filters in the pools are enhanced, deck chairs are safely distanced (1,5 m), beach furniture is organized so that everyone can move freely and on safety distance

Having a meal in our **restaurant facilities is also safe** because all tables are disinfected before and after the guests' use. At the entrance and when leaving guests will be provided with **hand disinfectants**. Buffet table choice **is served by a member of hotel staff or includes pre-portioned arrangements** so it is safe to handle it

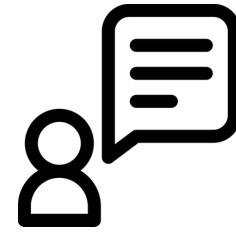

Temperature check for guests on reception (available on request)

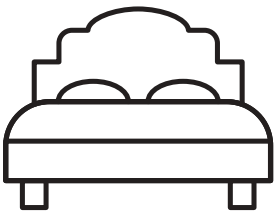

In case there is a suspicion of infection, the hotel disposes of provisional quarantined **accommodation units**

New privacy and safety standards have made us adjust the housekeeping models to guests' individual needs

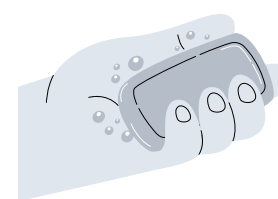

Housekeeping staff members will be cleaning **your room only upon your request**

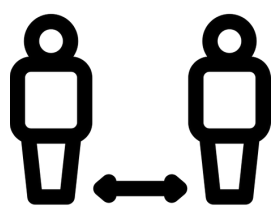

[NEW] ROOM-ONLY booking. As of season 2020, we allow room reservations without having included meals

Help us keep you and our employees safe by doing following at all times

Clean hands at the door and schedule **regular hand washing** reminders

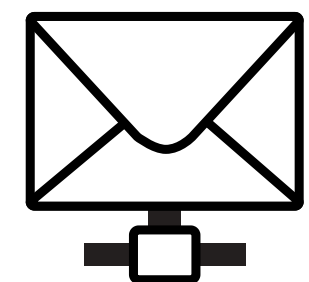

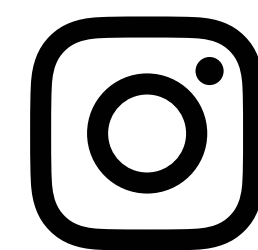

Keep the **social distance** (1,5 m)

Avoid touching your face and cover your coughs and sneezes

Respect the **hotel's safety measures** and procedures. Report to hotel staff if having symptoms such as fever, dry cough, temperature, or more serious ones

Contact us

Please should you require any additional information do not hesitate to contact us thorough email, social networks or our official website(s). We're here for you!

ENTERING THE REPUBLIC OF CROATIA

There is no self-isolation for foreign tourists (EU-citizens) coming to Croatia. You will be given an information flyer with the recommendations and instructions provided by the Croatian Institute of Public Health. You will have to possess a document confirming the following: reservation of accommodation, location of the hotel where you will stay, contact number, and the planned length of your stay.
