

Le Rocette Mare

Our commitment for Summer 2020 - Direct access to the beach from the rooms on foot, without moving with your own or public means - Area of the establishment dedicated to hotel guests, which allows the right distance between the umbrellas; - Restaurant on the sea with open and ventilated spaces, with table service and respect for distances between family groups

The main measures are the following: - Fast Check in - cleaning and sanitizing procedures of the rooms upon customer change; - compliance with the health regulations in the whole structure (restaurant, beach, common areas); - staff equipped with security devices; - emergency safety procedures. Finally, we count on the collaboration of everyone, including our customers: the responsible behavior of everyone will allow us to live a peaceful summer and win this battle against a common enemy.
